Addendum to the Competition Rules. Initial release, 2020-10-05

## About this document

This is the initial addendum to the competition rules covering the award of Pretoria Photographic Society Bertus de Jongh Honours (shortened to Honours hereafter) to 5-star members.

It is the intention to update these rules at any time during the first year, as we learn from the achievements of members. In doing so we will never reduce points already earned.

This document will be presented to a Special General Meeting of PPS early in 2021 as an addendum to the competition rules, along with other updates to the competition rules.

## Background to Bertus de Jongh Honours

Many senior members of PPS have asked for a challenge beyond 5-Star, and there has been approval by these members that this challenge should not be “more of the same”. In several meetings, the outline presented here has been discussed with members and approved. This document is the interpretation of these discussions into a set of rules to be appended to the main set of competition rules.

This initiative came from our friend the late Bertus de Jongh, a member who was passionate about photography and PPS, and the Honours are named for the Bertus de Jongh Honours. In this addendum to the rules this title is shortened to Honours.

## Overview

A number of principles guide the Honours:

- The Honours start from a level playing field, and all members, regardless of past success, start from scratch on 1<sup>st</sup> September 2020.
- The Honours in PPS are similar in concept to those of the PSSA, and the acceptance criteria are based on acceptance of a panel, judged externally, with the levels similar to those of the PSSA, with photographic excellence being the key measure.
- The levels of Honours are named after Bertus’ favourite birds.
- The Honours are only open to 5-Star members of PPS.
- In order to submit a panel, a member must first pass a threshold of points, tabulated later in this document.
- On achieving Honours, the points are reset to zero and the members starts the qualification process afresh, with a higher threshold.

## Process

The Honours system is implemented as follows:

- Points, per the table below, must be **claimed by the member** in an email to the Competition Secretary.
- Claims for Salon points **must** forward the email announcement from the Salon organisers, or where recognition is only in the catalogue, the title and page reference of the catalogue.

- At the start of the Honours system, only salon success notified to the entrant after 1<sup>st</sup> September 2020 (i.e. the date on the notification email) will be recognised.
- These claims are in **separate emails** from those claiming recognition for salon performance, also sent to the Competition Secretary.
- The Competition Secretary keeps a log of these points in a spreadsheet and alerts the member when the threshold to submit a panel has been reached.

## Requirements

The achievements which can earn points are listed in Table 1 below; and the numbers of points and the size of the panel are listed in Table 2.

African Fish Eagle	50	25

## Panel Judging Process

The panel judging process is intended to be broadly similar to the PSSA Honours process:

- The Competition Secretary, working with the judging coordinator, will arrange a panel of external judges to review the panel, accepting images of suitable quality.
- The member will be allowed TWO resubmissions to replace rejected images, without a time limit?? OR with a time limit of one calendar year from the date of first submission.
- On acceptance of a full panel, the Competition Secretary will restart the count of points for the qualification to submit the next panel.

## Termination of membership

On termination of membership of the PPS, the Honours earned fall away. If a member rejoins, and reinstatement of Honours may be considered at the sole discretion of the committee.
